PREFACE

The *Directory of Labour Organizations* is a compendium of data on union membership and unions, congresses and other labour organizations operating in the Province of New Brunswick.

Entries in the Directory are based on five parts - the first part contains statistical tables on union membership by size, industry, gender and congress affiliation. The second part lists international and national unions, as well as independent local organizations,either affiliated or unaffiliated to a central labour congress; and, the remaining sections contain the names of labour representatives, officials of the Central Labour Congresses, the New Brunswick Federation of Labour and officers of construction associations and building and construction trades councils in New Brunswick.

The information contained herein has a reference date of January 1, 2000 and was obtained from a survey completed by representatives of the various labour organizations.

We would like to express our appreciation to those representatives and organizations for their cooperation. Please call (506) 453-2261 for further information or assistance.

STATISTICS ON UNION MEMBERSHIP

IN NEW BRUNSWICK

2000

SUMMARY

Statistical data provided for the year 2000 for the unionized workforce in New Brunswick indicates a membership of 80,879, a decline of 1.3% from the previous year.

Those sectors that demonstrated growth of union membership were represented by the *Public Service Labour Relations Act* that indicated an increase of 645 members. Membership for those unions under the jurisdiction of the *Industrial Relations Act* and the *Canada Labour Code* showed significant decreases in membership.

Growth in the industrial sectors of construction (900 member increase), government services (418) and educational services (106) were indicated, whereas trade (933), transportation (878) and logging and forestry (639) represented the greatest declines in membership.

The year 2000 again saw substantial growth in the Health and Social Services industry with the organizing of 8 ambulance services in the Province.

Note: Due to the absence of a regular employer-employee relationship, no statistical data relating to the Maritime Fishermen's Union has been included.

GLOSSARY OF TERMS

***UNION** - The unit of labour organization that organizes and charters locals in the industries or trades as defined in its constitution, sets general policy for its Locals, assists them in the conduct of their affairs, and is the medium for coordinating their activities. Funds are obtained from the locals through per capita dues. Unions usually hold regular conventions of delegates from the locals at which general policy is set and at which officers are elected.

***INTERNATIONAL UNION** - A union that charters locals in the United States and Canada.

***NATIONAL UNION** - A union that charters locals in Canada only.

***AFFILIATED UNION** - A union that is affiliated with a central labour congress.

***INDEPENDENT LOCAL ORGANIZATION** - A local organization that is not formally connected or affiliated with any other labour organization.

***LOCAL** - The basic unit of labour organization formed in a particular plant or locality. The members participate directly in the affairs of their local including the election of officers, financial and other business matters and relations between their organization and employers, and they pay dues to the local. There are locals of international, national or regional unions, locals directly chartered by a central congress and independent local organizations. Sometimes unions have units, similar to locals, such lodges, branches, divisions or districts.

***LOCAL OF AN INTERNATIONAL OR NATIONAL UNION** - A local that is organized by or elects to affiliate itself with an international or national union. Per capita dues are paid to the parent union and in return certain services are rendered by the union.

***DIRECTLY CHARTERED LOCAL** - A local that is organized by, and receives its charter from a central labour congress and is not part of an international or national union. It pays per capita dues directly to the congress and receives services from the congress.

***DISTRICT COUNCIL** - An organization of locals of a union in a particular area formed to coordinate the activities of the locals in the district. District councils may hold meetings of delegates from member locals to deal with matters of interest to them and at which officers for the district are elected. District organizations are also known by such names as joint boards or conference boards.

***ALLIED TRADES FEDERATION** - An organization of unions or locals of unions in a particular area, functioning in the same industry, to co-ordinate the activities of the members and to deal with jurisdictional questions. Policies are established and officers are elected at meetings attended by delegates from member organizations. Trades federations may be known by other names such as union councils, union federations or joint councils, and they are most frequently found in industries organized along craft lines.

***CENTRAL LABOUR CONGRESS** - An organization having an affiliation with various unions, directly chartered locals provincial federations of labour, and local labour councils, for the purpose of broadly coordinating their activities at the national level including the relations between union and governments and establishing relations with organized workers internationally. Congresses hold annual or biennial conventions attended by delegates from affiliated organizations at which policies are established and officers elected. The congress also organizes local unions known as directly chartered locals. Funds are obtained through a per capita tax on all affiliates.

***PROVINCIAL FEDERATION** - An organization formed by a labour congress at the provincial level, which consists of the congress affiliate in the province. It functions similarly to the congress in the appropriate provincial area except that it does not charter local union. Funds are obtained through a per capita tax on affiliates.

***LOCAL LABOUR COUNCIL** - An organization formed by a labour congress at the city level. It is organized and functions in the same manner as a provincial federation, but within the scope of a city. Funds are obtained through a per capita tax on affiliates.
